

### **EPISODE 3: ON THIS DAY IN HISTORY**

Time is but a meaningless concept of nothing. This day, every other day... they're all the same.

**Sky:** Hello listeners, and welcome back to our show! We had some... complications last time, as Via disappeared and somehow ended up in an alternate dimension. Again. Now that we have her back, we're ready to tell you What's What in Wyoming.

**Via:** Well, Wyoming, it's good to be back with my big sis, Sky.

**Sky:** Yea, yea... I missed you too.

**Via:** Our theme today is "This Day in History" because... this is a day. In history.

**Sky:** Right! On this particular day, Sherk began, and ended, construction on his infamous Swamp Motel.

**Via:** That's right listeners. You know that old abandoned construction zone by the Pizza Hut? Ya know, the Pizza Hut? The place we all go when we're fast asleep and being haunted by our greatest fears?

**Sky:** Like Karl!

\*pop up noise\*

**Karl:** Hey! I'm not that bad!

**Sky:** Oh great goddess, his voice curdles my bones.

**Karl:** I give up. \*ooouussshhh exiting noise\*

**Via:** Anywho, Sherk abandoned his project exactly a decade ago, when it was brought to his attention that his swamp was actually located on the other side of town, so his plan to yell at customers to "Stay out of [his] swamp" would be a bit difficult to carry out.

**Sky:** Yes, but not to worry Wyoming. Sherk has since embarked on a project to eliminate the concept of distance and boundaries, so that he may yell at anyone anywhere to stay out of his swamp. If Sherk is to be victorious, then we will all be living on Murberry Swamp, home to Sherk the foul and loathsome.

**Via:** Sky, where did Sherk's name even come from? He's so small and fluffy, I can't imagine anyone seeing him as foul or loathsome.

**Sky:** Ah, Via... Sometimes I forget that you were not around for the great Sherk Crusade of 1212 P.C.E.

\*awkward silence\*

**Sky:** But that's a story about a different day in history.

\*knock on the door\*

**Karl:** Hey, guys, you have a visitor...

**Via:** Ugh what is it NOW Karl?

**Old Man Gary:** Has anyone seen my teeth? I can't find them.

**Sky:** Old Man Gary! It's a pleasure to see you again! And perfect timing too...

**Via:** Listeners, you may be wondering why Old Man Gary is here.

**Old Man Gary:** Yes, I was wondering the same thing. Where am I? Why am I wherever I may be?

**Sky:** Well, Old Man Gary, sir, it is your birthday!

**Old Man Gary:** My birthday? I don't have a birthday!

**Via:** Well... we don't exactly know how old you are or if you were ever born? But this day in history is the day we first found any record of you, so we consider it the day you came into existence.

**Sky:** Which is kinda like birth if you think about it! Here in Wyoming the day you fall into our dimension becomes your new birthday. Like with Farmer Brian!

**Via:** Yes, exactly Sky. Now, Old Man Gary, it is time for the traditional birthday wish!

**Sky:** Right!

**Old Man Gary:** Oh goody, I'm going to need that!

**Sky & Via:** We hope this year your cow is in excellent health!

**Old Man Gary:** Thanks, but have you seen my door frame?

**Karl:** Hey did you guys order a red velvet cake- Hey! Old Man Gary! Please remove your fangs from my hand!

**Sky:** Karl you know you can't just hold red foods in front of him! You were supposed to slide it in.

**Old Man Gary:** Have you seen Barbie? I can't find my belly button.

**Karl:** Come on Old Man Gary, let's go find Eric.

\*exiting noise\*

**Via:** Well, Sky, what else happened on this particular day in history?

**Sky:** As many of you listeners may know, on this day in 798 P.C.E. (that's post common era for those of you listening in the past), were the Jackelope Attacks.

**Via:** Right. That brings back memories...

**Sky:** Speaking of memories... do you remember Randy?

**Via:** The one who thought he was from Nebraska? What even is a "Nebraska"?

**Sky:** Nebraska is like Ireland for Farmer Brian.

**Via:** Ohhh right got it. Another dimension! Like the one I was stuck in...

**Sky:** Right. Well, on this day in history he fell into our dimension! Welcome to Wyoming, Randy from the past.

**Via:** Wait, Sky, didn't Randy die?

**Sky:** Yep. That old hag on Thunderbrush Road gave him a shoddy spell.

**Via:** Why would he even buy a spell from her? Everyone knows you can only trust the triplets with things like that.

**Sky:** Well Randy didn't know that yet. He just wanted to get home to his dimension. If he had stuck around long enough to learn that the only way to travel through dimensions is with Sharon and Marjorie, he may have survived and returned home safely.

**Via:** Aye, it's such a shame. Hey, Sky, is it time for the weather?

**Sky:** I think it is Via, begin whenever you are ready.

**Via:** Alright Wyoming. Why is the sun so freaking bright? It shouldn't even be out right now! It's 3 PM. The moon should be out. But no, the sun is selfish and a jerk and has to shine as brightly as possible.

**Sky:** Via-

**Via:** I'm not done yet! And why does everything smells vaguely of chicken breast?? It's not right! I like chicken but not that much! Smell like bacon instead! Or that one fruit that is shaped like a foot and tastes like green tea! That one smells good! Smell like THAT Wyoming.

**Sky:** Via... it is the moon... your eyes are just really sensitive right now because you got them dilated by the triplets during your eye exam. But you're right, it smells like chicken breast.

**Via:** Yeah! The last time it smelled like chicken was... oh no. You don't think...

**Sky:** Oh dear I sure hope not. Listeners, on this day in history 8 years ago, the children escaped from Area 54. 5 people died and many were injured during this fiasco.

**Via:** Poor Aunt Helga...

**Sky:** Wyoming, please, take cover. Protect your aliens at all costs. Do not open your doors for anyone, even your own children. They may not be what you think they are. Wyoming officials are on the case now, and any escaped children will be returned to the bunker beneath the alien daycare center.

**Via:** Stay safe everyone. Best wishes to you all.

**Sky:** We'll see you again next week, friends.

**Via:** Until then. For now, you know What's What in Wyoming.
